

POLICY

MANAGED FUNDS

Description:

A managed fund is a fund held on behalf of another organization, recognized by CRA as a registered charity, which has not been endowed with the Ottawa Community Foundation (OCF). The donor organization retains ownership of the fund and can recall the funds, with proper notification, in accordance with a separately negotiated agreement between the two organizations. OCF provides investment management, administration, monitoring and reporting services, for which the organization pays a fee.

Statement:

As a general rule, OCF discourages managed funds but, under certain circumstances, as a service to its permanent endowment fund holders or committed endowment fund prospects, may accept such funds.

Each managed fund is subject to the provisions of a written agreement which sets out such things as the terms and purposes of the fund, variance on use or beneficiary of income, investment powers, receipting of gifts and dispute resolution. Managed funds remain on the books of the donor organization and are not assets of OCF. Gifts to such funds are subject to OCF's Financial Management Policies.

Fees are charged to managed funds according to the fee schedule established by the Board of Directors. In addition, a withdrawal fee of up to 3% may be assessed at the time of each withdrawal. Any costs specific to a fund will be borne by the fund directly.
